<tbody>
<tr>
<td>The nature and scope of the consulting engagement are subject to agreement with the engagement client.</td>
<td>An independent, objective and reliable examination of whether government undertakings, systems, operations, programmes, activities or organisations are operating in accordance with the principles of economy, efficiency and effectiveness and whether there is room for improvement.</td>
</tr>
<tr>
<td>Are intended to <strong>add value and improve an organization’s governance, risk management, and control processes</strong> without the internal auditor assuming management responsibility.</td>
<td>The main objective of performance auditing is constructively to promote economical, effective and efficient governance. It also contributes to accountability and transparency.</td>
</tr>
<tr>
<td></td>
<td>Performance auditing promotes <strong>accountability</strong> by assisting those charged with governance and oversight responsibilities to improve performance.</td>
</tr>
